MR. TAFT'S JOURNEY

President Hurrying Across Continent to Pacific States.

VISITS IOWA AND NEBRASKA

Enthusiastic Greeting for People of Des Moines and Omaha—Declared Policy Concerning Trust Regulation.

(By Wire to the Morning Star.)

Omaha, Neb. Sept. 20.—President Taft, leaving the "insurgent" States of Minnesota and Iowa behind him, crossed the Missouri river today and stopped in Omaha for the afternoon and evening on his way to the Pacific coast.

The President found at Omaha a street car strike. To avoid possibility of trouble Mayor James C. Dahlman ordered that no attempts be made to run cars during the President's stay. The strike did not prevent the gathering of a great crowd in the downtown districts and there were times when the President's automobile had difficulty in making its way through the cheering throng.

He made a brief address in which he expressed his gratification for the greeting he had received and his enjoyment of the entertainment arranged in his honor.

At Des Moines today the President delivered the second address of the important declarations of policy he has outlined for his trip.

Des Moines, Ia., Sept. 20.—During the little more than four hours he spent here today, President Taft made an open air address to an immense crowd gathered from all the surrounding country in which he discussed in detail the changes he will recommend to Congress in the inter-State commerce and anti-trust laws.

The President announced that he would urge the establishment of an inter-State Commerce Court of five members to consider appeals from rates fixed by the Inter-State Commerce Commission. He will recommend legislation to prevent one inter-State railroad company from owning stock in a competing line, and compelling roads thus owning stock to dispose of their holdings within a given time. Legislation to prevent the over-issue of stocks and bonds and the watering of stocks will be strongly recommended, the President's proposition being that no stocks or bonds shall be issued except by permission of the Inter-State Commerce Commission after an inquiry has been made into their necessity.

The giving to shippers of the choice of routes in the shipment of freight is another important provision which the President favors.

In taking up the anti-trust law, President Taft declared that he knew of no way in which a distinction would be made between "good" and "bad" trusts, for he regarded all combination to suppress competition and to maintain a monopoly to be in the same category.

The President also discussed at some length the proposal to except labor unions and farmers' organizations from the operation of the anti-trust law. To specifically except these organizations, he declared, would be vicious legislation, but he pointed a way in which they could be relieved of some of the onerous restrictions now placed upon them, but at the same time he held amenable to injunctions, which procedure he believed adequate to deal with any violations by the unions.

OUTLINES.

The Clyde Line steamship Carib is disabled off Cape Hatteras and in response to calls by wireless telegraph the steamer Apache and the revenue cutter Yamacraw are hurrying to her assistance——The tropical storm raged yesterday along the Gulf coast from Pensacola to New Orleans, doing immense damage, washing away railway tracks, destroying buildings and resulting in the loss of life. Great concern is felt for New Orleans as all wires are down and communication is cut off——Dr. Cook arrived off New York yesterday and will land from the steamer this morning. Peary will arrive in Sydney this morning. One of the Peary party gave out a sensational story to the effect that while in Greenland he heard Dr. Cook say in the presence of another witness that he had discovered the North Pole——President Taft visited Des Moines, Ia., and Omaha, Neb., where he received enthusiastic welcome. In his speeches he declared his policy with regard to his recommendations to Congress concerning the regulation of railroad rates and anti-trust laws.——New York markets: Money on call firm 2 3-4 to 3 per cent., ruling rate 3, closing bid and offered at 2 3-4. Spot cotton 15 points higher, closing quiet at 13 cents. Flour firm with a moderate local trade. Wheat steady, No. 2 red 1.08 7-8 nominal elevator and 1.10 7-8 nominal f.o.b. afloat. Corn steady, No. 2 old 78 elevator and 79 nominal delivered, No. 2 new 66 7-8 f.o.b. afloat nominal. Oats steady, mixed 41 1-2 to 42. Turpentine and rosin steady.

TODAY'S AFFAIRS AT CAPITAL

Near Intoxicants on State Fair Grounds—Several Charters Granted by State—Bank Resumes Business.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 20.—The executive committee of the State Fair has adopted a resolution that no cider, sweet or sour, near beer, beerine or any similar concoctions shall be permitted to be sold anywhere in the fair grounds during the fair October 18th to 23rd. The outlook is for the biggest and best variety of attractions and exhibits ever given in the State.

New corporations chartered today include Patterson Bros. Co., Greensboro, capital $50,000 by George O. Fowler, M. L. Patterson and others; Dixie Scales Co., Fayetteville, capital $10,000 by J. F. L. Armfield and others; Co-Operative Mercantile Co., Monroe, capital $10,000 by T. M. Wilie and others; The Barnes-Harrell Co., Wilson, capital $15,000 by J. T. Barnes and others; The Macon Lumber Co., Asheville, capital $25,000 by H. B. Stephens and others, and The Deaver-Patton Co., of Pisgar Forest, $50,000 capital by J. C. Deaver, T. T. Patton and others for lumber, mercantile and other endeavor.

Insurance Commissioner Young returned this morning from attending the annual convention of the National Association of State Commissioners of Insurance and an extended western tour that included Salt Lake, Los Angeles, Portland, Seattle, Victoria, Vancouver, a run through the Canadian Rockies and down via Chicago and St. Paul.

The Corporation Commission will tomorrow hear citizens of Weldon for, and officers and counsel for the Atlantic Coast Line and Seaboard Air Line against the petition for a union passenger station at Weldon.

Mr. Rufus Y. McAden, of the Commercial National Bank, went to Southern Pines to take a hand as a banking expert in the reopening of the bank there that has been closed some time because of the shortage of the cashier. The bank reopened Saturday and the deposits for the opening day were over $5,000 in excess of the amount checked out, although all old accounts were free for checking purposes. The checks cashed aggregated less than $1,000.

STATE COUNCIL OF JUNIORS.

Meets in Greensboro on October 6th. Largest in the State.

Greensboro, N. C., Sept. 20.—In response to a petition by the subordinate councils of Guilford county, State Councilor John F. Reynolds, of Winston-Salem, has issued a call for a meeting of the State council, Jr. O. U. A. M., here October 6th. The question of establishing an orphanage and independent funeral benefit department will be the principal things considered by the meeting. The Jr. O. U. A. M. is the largest secret order in North Carolina, having a membership of 22,000.

The Virginia State Council withdrew from the National body a few years ago and was upheld by the courts in the law suit that followed.

GOV. JOHNSON IS DYING.

Physicians Believed He Could Live Only an Hour at Midnight.

(By Wire to the Morning Star.)

Rochester, Minn., Sept. 20.—Governor Johnson is said to be dying.

Dr. Mayo, at 8:45 o'clock, said he did not think the governor would live until midnight. The patient is conscious and perfectly comfortable.

Midnight: Dr. William Mayo has just returned from the sick room and says he thinks the governor can live about an hour. The governor said to those in the sick room: "Time drags so. I am so uncomfortable." Then he became silent again.

MAY SUE GUILFORD COUNTY.

Father of Colored Man, Alleged to Have Been Murdered by Guard.

Durham, N. C., Sept. 20.—Nelson Turner, father of Will Turner, the convict who was killed by a guard in Guilford county recently, may sue that county. J. E. Pegram, an attorney of this city has been in Greensboro several days getting evidence and he says the killing was "malicious murder." It is said that one witness said the guard, T. F. Coble, said he was "going to start him a private graveyard."

PELLAGRA IN CHARLOTTE.

One Death Yesterday—Seven Other Cases Under Treatment.

Charlotte, N. C., Sept. 20.—Mrs. Buena Dinkins died at the Presbyterian hospital this afternoon of pellagra, the eighth victim of the disease since its presence was announced in the community. The woman was taken ill a year ago. Seven other cases are now under treatment.

Man and Woman Arrested.

Officers Rouse and Merritt last night arrested Madge Lambert, a white woman of questionable character, and W. B. Burriss, a white man, on the charge of drunkenness. The arrests were made at Eighth and Castle streets. The defendants were lodged in the city prison. Assistant Chief of Police Burnett stated that he would prefer additional charges against the man and woman.

GULF COAST STORM

Hurricane Sweeping From Pensacola to New Orleans.

IMMENSE DAMAGE RESULTED

Great Concern Felt For New Orleans as Telegraph Communication Has Been Severed—Railroads Tied Up—Lives Lost.

(By Wire to the Morning Star.)

Atlanta, Ga., Sept. 20.—With all communication with New Orleans and the lower Mississippi cut off tonight by the gulf coast hurricane, and with all efforts to reach the city futile, much concern is felt for the Crescent City.

The storm, which had its origin below Cuba and Porto Rico, reached New Orleans and the Gulf coast today. At 3 o'clock this afternoon it struck New Orleans. At 4 o'clock it was blowing nearly fifty miles an hour. At 5 o'clock buildings were suffering and reported from Plaquemine, below the city, and Gulf coast, indicated that the inhabitants had been driven from their homes and in danger of their lives. Gradually communication with the city became more difficult and wire after wire was reported down. The storm was still raging and growing in intensity. Finally, at 8:40 the last wire went out and the city was isolated from the world.

It is known, however, that the storm at 3 o'clock had sent the waters of the Mississippi three feet above the usual stage. It is known also that New Orleans is five feet below the sea level, and that its only protection against a flood is its levees and dykes. That these are strong and high is conceded and in this fact lies the hope of safety for the beautiful former capital of the former French empire in America.

Mobile, Sept. 20.—Waves mountain high at 9 o'clock tonight were washing over the Biloxi railroad bridge. One man is reported to have been washed off the bridge. He was seen calling for help and shortly afterwards disappeared.

Tracks Washed Away.

Biloxi, Miss., Sept. 20.—The storm which has been raging in the Gulf of Mexico struck this city at 3 o'clock this morning with the wind blowing 40 miles an hour, continuing to increase in velocity till it reached 60 miles an hour at 5 o'clock this afternoon. The high tide and the wind have wrought immense damage to property in this immediate vicinity.

Between Bauvois and Debuys 500 feet of the track of the Gulf Coast Traction Company is washed away. Another hundred feet is gone near the Soldiers' Home, and to the eastward of Gulfport another hundred and fifty feet was washed away. All the bath houses and piers along the beach from Gulfport to the home of United States Senator Money, a distance of four miles, have been swept away. Three hundred feet of the electric car line at Long Beach, Miss., has been washed out.

The schooner Ruby and a wharf recently built by W. M. Lampton were wrecked.

No train has reached here from the North and all telegraph wires are down. No loss of life is reported.

Hurricane at Pensacola.

Pensacola, Fla., Sept. 20.—Blowing steadily all day at a velocity between 50 and 60 miles an hour, the wind this afternoon increased to hurricane velocity and indications are that it will increase during the night. Shortly before dark the weather bureau displayed the hurricane signals and vessels in the bay hurried to a cove for shelter.

Ocean-going steamships anchored in the bay put out all possible extra anchors. Shipping at the navy yard and Fort Barrancas came up the bay and sought shelter in a cove.

The ship Romenoff, moored at Perditoo wharf, toppled over on the wharf and is in a precarious condition.

Several barges loaded with lumber lost their cargoes, and two were sunk near the western beach. Small boats all along the beach have been swamped and pounded to pieces. Long rafts of timber have been carried from storage booms and are adrift in the bay.

Residents of Woolsey and Warrington and all along the bay shore west of the city came up to the city last this afternoon and tonight on cars and are housed in the hotels and with friends, leaving their homes to the mercy of the elements.

The tide is higher than known for many years. Reports are that the seas are breaking continually over Santa Rosa Island, but all those who were at the Summer hotel there have been brought to the city. No loss of life has been reported.

New Orleans, Sept. 20.—After attaining a velocity of 60 miles an hour at New Orleans at 7 o'clock tonight the West Indian hurricane reduced at a late hour tonight in its intensity. Four known dead in New Orleans, property damage will exceed $100,000.

Circuit Judge S. Ease today appointed John F. Floyd receiver for the Fingerville Manufacturing Company, at Spartanburg, S. C. The total indebtedness of the mill which is capitalized at $50,000 is about $60,000. The mill is said to be on the verge of insolvency.

COOK LANDS TODAY

Polar Explorer Will be Given Ovation by His Countrymen.

"GOOD TO BE AN AMERICAN"

Dr. Cook on the Steamer at Fire Island Gazes Anxiously at Gay New York and Awaits Daylight—Home Greeting.

(By Wire to the Morning Star.)

New York, Sept. 20.—It is good to be an American; it seems that I have been gone ten years."

Gazing towards the lights of New York after an absence since July 4, 1907, those were the first sentiments expressed tonight by Dr. Frederick A. Cook, of Brooklyn, as he paced the deck of the steamship Oscar II. waiting for daylight and his actual return to his native land. Dr. Cook is virtually at home tonight, for the Oscar II. is anchored off Fire Island. Marking time as it were, so that there may be no hitch in the homecoming reception for the explorer, who reported via the Shetland Islands on September 1st that he had unfurled the American flag at the North Pole on April 21, 1908.

Though 60 miles from the city proper, the Oscar II. was in easy wireless communication with New York during the day and night. Dr. Cook was on deck almost constantly.

"I feel anxious to get ashore," he said to those who were grouped about him on the deck. "It seems about ten years since I left, instead of only two and a half, but I dread the ordeal of landing tomorrow. I would much prefer landing quickly and quietly without a repetition of the scenes at Copenhagen. I hope that I shall be left in peace with my family by tomorrow night at least.

REV. W. S. RONE DEAD.

Passed Away in Richmond Hospital. Prominent in North Carolina.

(By Wire to the Morning Star.)

Charlotte, N. C., Sept. 20.—The body of Rev. W. S. Rone, D. D., presiding elder of the Warrenton district, M. E. Conference, who died in a hospital in Richmond yesterday afternoon after an illness of nearly ten days, arrived here this morning and was met by all the Methodist ministers of Charlotte and a number of laymen and friends of the family. Accompanying the body were Mrs. Rone and her son and daughter and a delegation of ministers and laymen. Interment will be made tomorrow at Harrison's church, this county.

Dr. Rone was prominent in North Carolina Methodism and was greatly beloved over the entire State. He had been presiding elder in many of the districts, including Wilmington and was a strong and forceful speaker. The remains were brought here to the home of a brother-in-law, Mr. J. A. Bell, and were accompanied by Mrs. Rone and daughter, Miss Grace Rone; his son, Ralph; Rev. J. M. Rhodes and S. J. Stallings, of Littleton, home of Dr. Rone.

DISPENSARY GRAFT CASE.

Trial of Farnum, Accused of Bribery, in Columbia Today.

(By Wire to the Morning Star.)

Columbia, S. C., Sept. 20.—The case against James S. Farnum accused of bribery in connection with alleged grafting in the purchase of liquors for the old State dispensary, will be taken up for trial tomorrow. This afternoon Attorney General Lyon moved that the case be tried tomorrow. The defense opposed this, asking a continuance which was refused by the court.

Farnum is one of the seven men indicted for bribery and conspiracy to defraud the State in the purchase of supplies for the dispensary. The other cases will be pressed to trial as soon as possible.

STATE COUNCIL JUNIOR ORDER.

Special Meeting Called to Be Held in Greensboro Next Month.

The local councils of the Jr. O. U. A. M. have been notified of a called meeting of the State Council in Greensboro Wednesday, October 6th, at 2 P. M. Several members of the order will attend the meeting from this city. Jeff Davis Council will name delegates at Thursday night's meeting and the Washington Council will name its delegates Friday night.

The meeting is called to consider several important matters, and it is expected that between 200 and 300 delegates from various parts of the State will be present and take part in the discussions. The Council will take action regarding the establishment and maintenance of a fund benefit department for the State of North Carolina, independent of the National Council. The question of establishing and maintaining an orphanage by the State Council will also be acted upon. The National Council has both a benefit department and an orphanage and it is understood that the larger body has raised serious objection to the establishment of either the institution or the benefit department by the State Council. It is believed here that favorable action will be taken upon both matters.

STEAMER CARIB IN DISTRESS

Disabled and In Dangerous Position Off Treacherous Shoals of Cape Hatteras—Value of Wireless Telegraph Demonstrated.

(By Wire to the Morning Star.)

Beaufort, N. C., Sept. 20.—Wireless telegraph is again playing an important part in relieving distress at sea, for through this agency, prompt assistance was today furnished to the Clyde Line steamer Carib bound from New York to Wilmington, N. C., and Georgetown, S. C., with general cargo, which lay at anchor all last night in a disabled condition off Cape Hatteras.

The Carib's appeals for help first brought to her assistance the steamer Comanche, which was passing and got a hawser to the Carib last night. She was unable to tow the disabled vessel because the line parted and so she steamed on her way. Today the steamer Sabine came up in response to the wireless "C.Q.D." of the Comanche and after some difficulty sent a line to the vessel.

In the meantime the Comanche had notified the United States revenue cutter Yamacraw of the Carib's mishap, and the cutter at once started to her assistance. During the day the Yamacraw has kept the Carib informed of her progress toward Cape Hatteras by wireless on the station.

This afternoon the steamer Apache, while passing the cape, heard wireless conversation passing between the Sabine and the revenue cutter Yamacraw to the effect that the Sabine's hawser is too short and made towing bad in the heavy weather. The captain of the Yamacraw was asked to hurry to the spot with hawsers. This request was overheard by the Apache which immmediately sent word that she would come with long hawsers and would reach the spot this afternoon.

The Apache and Yamacraw are now steaming at full speed in a race to see which will reach the disabled Carib first and render the assistance she requires. Meanwhile the Sabine is proceeding six knots an hour and with difficulty with her tow under a short hawser toward Southport, N. C. The afterweb on the low pressure cranks of the Carib is broken and that disables the engines.

Agents of the Clyde Line at Wilmington will have tugs meet the vessels at the bar at Southport and tow the Carib to Wilmington.

TAFT ENTERTAINMENT.

Mr. W. B. Cooper Expresses His View of Municipal Appropriation.

(Communicated.)

Editor Star: In your issue of Sunday you mentioned the matter of my having mailed a card in reference to the city's part of the expenses on the occasion of President Taft's visit to our city.

I am supposed to represent the Third Ward. These cards went only to the taxpayers of the Third Ward. It seems reasonable to consult the taxpayers occasionally.

I don't think I confused matters: it is not a question of entertaining our Chief Executive; it is a question of how much of the taxpayers' money should we use. We are more than willing to do all that is necessary; we are not willing to be extravagant.

I noticed an article in Sunday's paper that President Taft absolutely insists on Democratic Simplicity. He will not spend more than $15,000 on his trip and I should judge he would not appreciate any extravagance here or elsewhere.

Our Board appropriated the amount our Mayor asked us to appropriate and should he and a committee appointed by him, need a larger appropriation, I am in afvor of allowing them any reasonable amount. It would seem that $5,000 from all sources would be ample.

While President Taft was in Augusta last Winter he promised me to visit our city and I would sooner pay one thousand dollars myself, if it were at all necessary, than see our city appear lacking in appreciation of his visit.

Yours truly,
W. B. COOPER.

MR. G. A. NORWOOD DEAD.

Prominent South Carolina Banker, Known Here, Passes Away.

Mr. George Alexander Norwood, one of the most prominent bankers of Greenville, S. C., father of Mr. J. W. Norwood, president of the Wilmington Savings and Trust Company, and who frequently visited his son in Wilmington, died at his home at 8 o'clock Saturday night, after a week's illness. News of his death was received here with much regret yesterday.

Mr. Norwood was born in Darlington county in 1831 and attended school at Wake Forest College and Furman University, finishing school in 1852. He then taught school for awhile and engaged in newspaper work in Darlington. He was then a farmer for a short time, engaged in the mercantile business and ran a turpentine distillery in connection. He next moved to Charleston, where he spent 11 years in the commission business, and in 1874 moved to Marion, S. C., where he founded the Bank of Marion, becoming president of that institution. He moved to Greenville in 1890, where he has lived since and has been actively and most successfully engaged in banking.

RIVAL DISCOVERERS

Dr. Cook at New York and Commander Peary at Sydney.

GREAT OVATION FOR PEARY

One of Peary's Party Lets Out Secret That Cook Told Him He Reached—North Pole—Two Witnesses.

(By Wire to the Morning Star.)

Sydney, N. S., Sept. 20.—Commander Robert E. Peary will not make his entry into Sydney until tomorrow. The Arctic ship Rooseevlt anchored off St. Paul's Island today when the explorer found he could not reach port before nightfall. This is about 65 miles north of Sydney.

Mrs. Peary, her daughter Marie, and little Robert E. Peary undoubtedly met the commander tonight, the Peary family having sailed north on the steam yacht Sheelah, owned by James Ross, president of the Dominion Coal Company.

Mrs. Peary's trip toward St. Paul's Island was entirely unexpected, for it had been announced that she would greet her husband from the deck of the Sheelah down the bay. The Sheelah, however, kept on her way and when last seen was passing in and heading directly toward St. Paul's. The sea was calm tonight, there was no wind and no difficulty would be experienced in putting the explorer's wife and children aboard his ship. News that Commander Peary was nearing port and would probably land late today caused a general cessation of business in the town. Large crowds swarmed into the streets and to the water front to welcome the explorer. Later it was announced that Commander Peary would not be here until tomorrow morning. The tug C. M. Winch, gaily decorated with flags, will convey the official welcoming party down the bay at an early hour.

This party includes the mayor of Sydney, Wallace Richardson, the heads of the city departments, and other prominent officials.

Commodore Peary has given emphatic denial to the assertion credited to Dr. Cook that he told the Eskimos at Annatok that Dr. Cook was dead and that consequently he would take possession of the supplies left there by Cook.

As nearly as can be ascertained from members of the Roosevelt's crew, the house built by Dr. Cook at Annatok and left in charge of Rudolph Franche was found unoccupied when the Rooseevlt arrived. Francke was away trying to get passage home. Dr. Cook's house ad been empty for several weeks and the supplies therein weer being pilfered. Francke sought prmission to go to the United States on the Peary auxiliary ship Erik. This was granted him and he turned over an inventory of the supplies in Dr. Cook's house. Boatswain Murphy was then placed in charge of the house and its contents. He says he found that many packages had been broken open and their contents partially or totally removed.

When Dr. Cook returned to Annatok he complained about the occupation of the house and its removal to a new position. Murphy says he explained the situation fully to Dr. Cook, who appeared satisfied, and it was agreed that the house should be occupied jointly.

One of Peary's Party Reveals Secret.

Sydney, N. S., Sept. 20.—According to the statement made last Saturday at Battle Harbor by William Pritchard, cabin boy and assitant cook on the Roosevelt, two persons knew as long ago as last April that Dr. Frederick Coow had reached the pole April 21, 1908. These persons are Harry Whitney, a wealthy sportsman of New Haven, Conn., at present on the Greenland coast on board the steamer peanie, and Pritchard himself.

They saw Cook at Annatok, Greenland, after his return from the north. The only reference to Dr. Cook which Whitney is known to have made during his brief sojurn on board the oRosevelt was a casual remark to a member of the Peary party that he believed that Dr. Cook had reached the Pole. Pritchard kept the news even more faithfully and his statement Saturday was the first intimation that he had any information on the subject.

Pritchard explained that he kept the news to himself because he did not wish to be dragged into the trouble. He was asked how he knew before he came south on the Roosevelt that there was going to be a controversy and declared that Dr. Cook had cautioned him not to speak to any one until he reached civilization. Pritchard's reticense with this important news in his possession was a complete surprise to everybody on board the Roosevelt.

SUIT FOR DIVORCE.

Mrs. William J. Cotton Files Petition in Court at Philadelphia.

Philadelphia, Sept. 20.—Mrs. William J. Cotton has sued for divorce here alleging desertion and non-support. She was formerly of Wilmington, N. C., and married Cotton, who came from Phoenix, Arizona, to New York, in 1902. She alleges he deserted her in 1907.

ENFORCEMENT OF PROHIBITION.

The increasing number of arrests by the police for drunkenness and allied offenses against the peace and good order of the town, forces the conviction upon one that there is need of a more effective enforcement of the law. It is generally conceded that little can be done toward suppressing violations of this character by a uniformed police, for no well-regulated blind tiger would think of doing business under the very eyes of the law, and there are certain barriers of individual rights under the law with which violators hedge themselves until they are nigh impregnable when it comes to detection by men clothed in the very livery of the law.

As distasteful as may be the method, it would appear that the only effective means of dealing with the situation is to handle it under a properly regulated secret service maintained by the city and directed by the proper officers. The very tactics adopted by violators of the law seems to justify the end. It is the sheerest folly for the Board of Audit and Finance to attempt to shift the responsibility of government to the county. Why maintain an expensive city government and tax the people to support it, unless the people are to enjoy the protection of that government?

It is true prohibition is a State law, but so is the law against assault and battery, larceny, housebreaking, robbery, arson, murder, ad infinitum. As well argue that it is up to the county and the county alone to enforce these laws as it is to take the position that it is up to the county to wholly enforce a law for the sobriety and good order of the citizenship of the town. It is a condition and not a theory which faces the people of Wilmington just now. It is hoped and believed that those charged with the administration and the financing of the city government will meet the issue squarely and put an end to the seemingly flagrant violations of a law, which should be enforced, if for no other reason than that it is the law.

GREAT MINERAL EXHIBIT.

The State fair at Raleigh, October 18th to 23rd, probably will be the greatest exhibit of the resources of the State ever made at the State Capital. The people of this and other States can make a study of exhibits that will more than ever illustrate what a country of varied resources is the Old North State.

Most all kinds of gems are found in North Carolina, even the diamond, and it is gratifying to learn that the exhibit of minerals will be one of the most attractive in the history of our annual State fair. The Raleigh News and Observer, of Sunday, says of the mineral exhibit:

"This exhibit will include a collection of gems and gem minerals which will thoroughly illustrate the varieties of gems that are found in North Carolina. The collection will consist of rubies, sapphires, emeralds, all the varieties of beryl, the different varieties of quartz—as amethysts, rock schystals, smoky quartz (Spanish topaz), rose quartz, rutilated quarts (Venus hair stone), chrysophase, hiddenite, rhodolite, almadine, pyrope, garnets, xircon, rutile, etc. This gem collection illustrates the occurence of the gem minerals—how they look before and after they are cut into gems.

"Another attractive exhibit will be the monazite collection. This exhibit is made by the Carolinas Monazite Co. and Joseph Hyde Pratt, and will consist of samples of monazite sands just as it is mined from all parts of North Carolina, with other samples showing the concentrated sand together with the minerals that have been separated from the monazite. It is the thoria in the monazite that is used in the arts, and there will be exhibited in the collection samples of the thoria and other chemical products that are obtained from the sand, together with the manufactured products in which thoria is used, such as various forms of incandescent mantles.

"The talc and mica industry of the State will be well represented by a collection of samples of these minerals from different parts of the State, together with the manufactured forms in which the material is put on the market. This portion of the exhibit will be made by the North Carolina Mining and Manufacturing Company and the Talcum Puff Co.

"Abrasive materials will also be well represented in a collection that has been made by the Pike Manufacturing Company and others representing all kinds of abrasive materials both in the rough and manufactured forms. This includes whetstones, scythestones, razor hones, corundum and emery wheels, pumice, garnet, paper, etc.

"The stone industry of North Carolina will be well represented in the exhibit as the space will be outlined by curbing furnished by the Mt. Airy Granite Corporation; by a center piece of blue pearl granite consisting of a base 2 feet square, upon which rests a cube about 2 feet square, furnished by the Consolidated Granite Co., and by polished slabs of limestone and lime manufactured from it furnished by the Blue Ridge Lime Co.

"There will also be cubes and slabs of different granites, some with polished surfaces and others with hammered surfaces illustrating the different colors and textures of the North Carolina granite.

"Clay products will be exhibited by the Pomona Terra Cotta Company, the Harriss Clay Company and F. R. Hewitt, and will contain samples of crude clays, together with manufactured products such as sewer pipes, flue linings, drain tiles, etc.

"There will be considerable literature for distribution relating to the various mineral deposits of the State which will be furnished by the State Geological Survey and by the different companies making the mineral exhibit.

"There are a number of other companies and individuals who are expecting to take part in the mineral exhibit, which will tend to increase its scope and attractiveness."

North Carolina's mineral resources are now attracting greater attention than ever, and it is a splendid idea to have such an exhibit as referred to above. Large amounts of capital are now coming into the State on account of its mineral wealth and when it is exploited more the results will be greater.

SIGNS OF PROSPERITY INCREASE.

Usually the balance of trade between foreign countries and the United States is largely in favor of our country. It is always regarded as a healthy sign, because it shows that we have sold them more than they have sold us, and that we are, therefore, adding to our aggregate of wealth by drawing on that abroad. That is the way, at any rate, that the statisticians figure it out, but now some unfavorable significance is attached to the fact that the value of our imports in August were greater than our exports.

This condition of affairs indicates the poor state of trade in Europe. The European and other foreign countries are less able to buy than formerly, while the United States is more able to buy and is a good customer of foreign countries. With the tables turned in their favor a little while we may assist them to become buyers of our cotton and our wheat and food stuffs. Notwithstanding the fact that the trade balance for eight months has been against us, there is every indication that the tide of prosperity is rising in this country. The New York Financial Chronicle, of September 18th, thus gives us some evidence of it:

"Evidence of an advancing tide of activity, and consequent prosperity, in the affairs of the United States continues to accumulate. In nearly all directions signs of decided improvement over the previous year are visible, and in some instances the situation is seen to be especially gratifying. Large bank clearings and increasing railroad earnings surely indicate augmented mercantile transactions and fewer commercial failures denote comparative financial soundness. It is true, of course, that there has recently been a decrease in our foreign exports of merchandise, but that is merely indicative of the fact that the depressed situation abroad is still existent, curtailing the power to absorb our products. On the other hand, the heavy imports indubitably testify to the recovery that has taken place here; a recovery materially assisted by the relatively favorable crop situation. With all this evidence of improvement it is not surprising that almost unprecedented activity should be witnessed in the building trade of the country—a trade that is peculiarly susceptible to varying conditions. In some sections where operations earlier in the year were on a very extensive scale, there is now some let-up, but that does not in any sense alter the fact that, taking the Unied States as a whole, there has apparently been no year in which as great activity has been displayed as thus far in 1909."

The railroad earnings during 1909 have increased and the number of idle cars have decreased, showing that the depression is over with the railways, while the steel industry has revived on a large scale, and trade conditions generally are on a satisfactory and enlarging basis. The South is now exporting her cotton and the West is sending her food products abroad, so that in a few months at least there should be a complete revival of business throughout the country. The South will especially be in a prosperous condition, for the world needs our cotton whether she takes the West's foodstuffs or not. Other countries can largely feed themselves but they can't make the cotton to clothe themselves. The South does make the cotton and as the world is compelled to have it, the South is in a splendid position to reap prosperity at its full when the good times get to the flood stage.

KNITTING MILLS IN NORTH CAROLINA.

The cheering news of industrial development in North Carolina comes in in daily, and if the present clip keeps up the State will soon be next to Massachusetts as a manufacturing State.

Some time since the Star contained an editorial on the prospects in this State for knitting mills and the article was reproduced all over the State. Quite a number of knitting manufactories are now on foot, and we are glad to note from the Washington News that a knitting mill is assured in that city. Some time ago the News reproduced the Star's knitting mill editorial with an endorsement by Mr. Fred L. Merritt, industrial agent of the Norfolk & Southern Railroad, and it is hoped the movement in that city is assuming definite shape.

A North Carolina knitting mill that has succeeded on a large scale is that of the Maline Knitting Mills Company, at Winston-Salem. The company will expend several hundred thousand dollars in adding to its facilities. This enlargement will comprise a bleachery for knit goods, and it is understood it will be the largest in the South. The building will be 170x60 feet, of brick. The contract has been let to J. F. Ange, of Winston-Salem. The equipment of machinery will give a weekly capacity of 30,000 pounds of knit goods. The company manufactures every day about 1,000 dozen garments. Its new building is to be lighted by electricity and heated by steam.

In speaking of the large industrial development on foot in eastern North Carolina, the Boston Commercial Bulletin says:

"Lockwood, Greene & Co., Boston, Mass., have about completed plans for the Patterson Mills Co., Roanoke Rapids, N. C., and the construction contracts will be awarded by October 1st. These buildngs will include: Main mill, two stories, 104x608 feet, with sawtooth roof construction over the weaving room; picker room, 50x100 feet; dye house; ninety cottages for operatives; six cottages for overseers; fire pump and heating apparatus house, etc. The textile machinery will include 22,000 spindles, 750 looms, dyeing and finishing equipment, etc., all to be driven by electricity (about 1,000 h. p.) on the production of ginghams. The Patterson Mills Co. is comprised of cotton manufacturers and capitalists largely interested in other mills of large size at Roanoke Rapids. It is capitalized at $650,000 and about that amount will be the cost of the completed plant. The organization of this company was among the reports of the past Summer. Among those interested is S. F. Patterson, who is general manager; also W. M. Hablston, president of the National Bank of Virginia, Richmond, Va.; Charles Cohen, of M. Cohen, Son & Co., Richmond, Va., and T. M. Williams, banker, also of Richmond.

"The Acme Knitting Mills, at Raleigh, will be organized to establish a plant. A building has been secured and machinery will be ordered at once. J. E. Matthews is the promoter."

THIRTEEN CENTS COTTON.

Spot cotton reached 13 cents in New York yesterday, owing to the fact that the gulf storm had reached the southwest cotton country and further damaged an already short crop. Because of the sharp advance in the price of the staple, the New England manufacturers are puzzled and there is renewed talk of curtailing production in order "to bring about a more normal state of affairs." The mill men may as well acknowledge the inevitable and run up the value of their manufactured cottons to a price based on 13 cents or more, maybe 15 cents, for the South's raw material.

Even Norfolk is kicking against freight discrimination. Oh, you pig!

When a duke asks for the hand of an American heiress it is the equivalent of asking for a hand-out.

Ting neigh timah ketisher, which any Esquimo linguist will tell you simply means: "We have got there at last."

The man who walks on the railroad track doesn't know enough to know that he is liable any time to get the grand bounce.

President Taft is now going around saying good things about Senator Aldrich. Senator Aldrich may have reformed since he engineered that tariff bill through Congress.

Col. Joe Reece, of the Greensboro Record, is an incorrigible insurgent. He refused to throw away his straw hat on the 15th of September and defies the unwritten law.

An American heiress who marries a foreigner to get a title, and the fellow with the title who marries her to get the money, ought to be suspicious of each other's self respect.

Mrs. Annie Besant, the Theosophist, claims that she is the re-incarnation of a being born 12,000 years ago in Peru. If you were to tell her that she looks it, it would make her as spiteful as an old setting hen.

The latest returns in the Houston Post show that Texas has gone for Cook by 378,000 majority. The returns are about all in, showing that President Taft will soon be touring a Solid South as usual.

The counties which have good roads are on the map of progress and prosperity. To poke that fact under the nose of people in a county that has no good roads ought to open their eyes to their duty to their county.

The Charlotte News reminds us of the old adage: "Laugh and the world laughs with you." The world surely will do that very thing, especially if the laugh is on the North Carolina county that has no good roads.

"A fair field and no favor," used to be a man's maxim, but the beneficiary of a protective tariff is not committed to the "equality of opportunity" for all alike, but he has other people taxed for his benefit. The tariff as it is levied by Republicans is a breeder of greed.

Sandwiched in the accounts of the discovery of the North Pole is reference to the fact that an explorer gave a gum drop to an Esquimo for an ivory tusk worth $75. Don't laugh at the Esquimo, for some years ago some North Carolinians disposed of their timber holdings on a gum drop basis and we are liable to part with our swamp lands on a parity with the trade between the explorer and the Arctic chump who had an ivory tusk and had no idea of its value.

CURRENT COMMENT.

—The members of the G. O. P. in this State feel that Mr. Taft is "handing them a lemon" at every turn. The best North Carolina office for which he has yet had a chance to make an appointment went to a strong Democrat, and one of the best offices, that of census supervisor in the fifth district, to a nominal Republican who has probably never spent fifteen minutes working in the interest of his party.—Winston-Salem Sentinel.

—The Southern farmers are the only class of people in the world who have a natural monopoly and have used it in such way as to bring poverty to their homes. A ten million bale crop of cotton will bring more money than a fourteen million bale crop will bring, and yet we refuse to make a living at home in the foolish attempt to produce a bumper cotton crop. This year, however, nature is doing for us what we ought to have sense enough to do ourselves.—Carolina Union Farmer.

—Referring to the demand for better rates for North Carolina, as evidenced in the hearing last week before the Corporation Commission, the Fayetteville Observer says: "The improvement will solve the question for Middle and Western North Carolina and practically for the whole State. That is the first duty of the Government and its advocacy the first duty of our members of Congress." All together to help that plan.—Raleigh News and Observer.

TWINKLINGS.

—"Why did Eve give Adam the apple?" "I suppose she wanted to get rid of the fruit so as to wear the basket for a hat."—Illustrated Bits.

He—"It has been said that a woman can make a fool of any man. Do you believe it?" She—"Of course not. The best she can do is to develop him."—St. Louis Times.

—"I don't approve of these solitary dashes ter de pole." "How does it affect you, Weary?" 'How kin I git a handout by tellin' people I wuz wit' Cook?"—Louisville Courier- Journal.

—"I want to shake hands with the engineer of this train." "What are you a candidate for?" "Nothin'. I think somebdy ought to remember the engineer, even if it is an off year."—Pittsburg Post.

—"These Summer engagements seldom result in matrimony." "Perhaps it is just as well. Disillusionments would be bound to come. Every girl on vacation manages to look pretty, whether she is so or not; and every man certainly acts rich."—Washington Herald.

—"What do you figure is the result of a college education?" "The young man learns to yell for the money and the old man to whistle for it."—Puck.

First Milliner—"You have designed the North Pole hat" Second Milliner—"Yes, it will be a matter of dispute between the purchaser and her husband."—New York Sun.

MUCH EXCITED ABOUT CASE

Mrs. Justice Refuses to Allow Operation and is Relieved by Cardui, the Woman's Tonic.

Pedro, O.—"I suffered for 35 years with weakness and female troubles, and nothing has done me so much good as Cardui," writes Mrs. Martin B. Justice, of Pedro, O. "Before I took Cardui, the woman's tonic, I became so bad that my son, who is a physician, wanted to have me operated on, but I refused and gave Cardui a trial. I had been so weak I could scarcely stand on my feet, but had taken Cardui only a few days when I became so much stronger. I had prolapse and became very much excited, but was greatly relieved as soon as I began to take Cardui. I thank you again and again."

Cardui is a pure vegetable extract, of special benefit to women, at the times when they need a tonic. For over half a century it has been in use by those who have known of its beneficial effects, and is today in use in thousands of homes, where it relieves and prevents pain and brings back strength and ambition. Safe, reliable, scientific, successful.

Try Cardui, the woman's tonic.

NOTE—The Cardui Home Treatment for Women, consists of Cardui ($1), Thedford's Black Draught (25c), or Velvo (50c), for the liver, and Cardui Antiseptic (50c). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

S.S.S. PURELY VEGETABLE

The absolute vegetable purity of S. S. S. has always been one of the strongest points in its favor, and is one of the principal reasons why it is the most widely known and universally used of all blood medicines. A great many of the so-called blood purifiers are really nothing more than strong mineral mixtures which act so unpleasantly and disastrously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S. S. S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S. S. S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles, and it leaves the system in perfect condition when it has purified the blood. Book containing much valuable information on the blood and any medical advice desired sent free to all who write.

DARLEY PARK BREWING COMPANY

G. MORGAN KNIGHT, Manager. PETERSBURG, VA.

—Asheville, Sept. 18.—Judge J. S. Adams will, on Tuesday, hear the habeas corpus proceedings instituted today before him involving the custody of the seven-year-old daughter of Mr. and Mrs. J. B. Turner, which was taken this morning from Mrs. Elizabeth Turner's place here by Mrs. J. B. Turwho came here from Florida, to see the child. After going to the residence where the child had been kept for the past month by its grandmother, Mrs. Turner snatched the child away and carried it off. Then relatives o fthe child in Asheville had habeas corpus proceedings instituted for the recovery of possession of the child. It seems that J. B. Turner and his wife separated about a year ago and Mrs. Turner alleges that she has secured a divorce from her husband; that she is now able to support the child and wants possession of it. For about a year the child has been in the custody of Turner's relatives, being for awhile in Charlotte in care of Rev. Mr. Turner, and was brought to its grandmother here about a month ago. Mrs. Turner alleges that she should have the care of her child, while the relatives allege that the child will not be properly cared for by her. The broad daylight kidnapping created a sensation this morning on one of the principal residential streets.

—Wilmington is arranging to give President Taft the right sort of a welcome. The sum of $6,000 has been donated by the board of aldermen; the county will make up a celebration fund of $25,000. There is nothing small about Wilmington, but we have the consolation of knowing that while it has raised far more money than Charlotte did, it will be hardly able to get up a rain to compare with that Charlotte provided for the Taft celebration.—Charlotte Chronicle.

—North Carolina Republicans are very sore over the placing of Democrats on the census payrolls, which shows that the sort of men on whom the salvation of the South is said to depend believe that only federal pay can support them in the discharge of a patriotic duty.—Jacksonville Times-Union.

Ostrich Feathers of Tripoli.

The usual kinds of ostrich feathers known to the trade come into the Tripoli market. These are whites, blacks, feminas, byocks, spadonas, boos, drabs and floss. The Arab dealers bring them in unsorted packages containing feathers in various qualities of each kind, and it therefore requires expert knowledge to buy advantageously from the natives. The goods are sold by the "roti." (The Tripoli roti is about eighteen ounces.)

The feathers are washed and sorted, but not dyed or curled. They are washed in soapy water, and when still wet are beaten. A handful of them are taken by the stems and slapped against the floor with a force that to the uninitiated would seem to be enough to break them to pieces. This is done to bring out the flues or barbules, the miniature feathers extending from the barbs, and gives the plumes a fluffier, richer appearance. A good ostrich plume will have two or three layers of feathers; its tip should be perfect, and it should have no transverse cuts along the vane. For the retail trade two plumes are usually mounted together.

Sufficient Reason.

Chum—Why don't you assert your authority as head of the family and take matters in your own hands? Head of the House (mournfully)—My wife won't let me.—Baltimore American.

HAPPY WOMEN

Plenty of Them in Wilmington, and Good Reason For It.

Wouldn't any woman be happy,
After years of backache suffering,
Days of misery, nights of unrest,
The distress of urinary troubles,
She finds relief and cure?

No reason why any Wilmington reader should suffer in the face of evidence like this:

Miss Mattie Hodges, 609 South Fifth Street, Wilmington, N. C., Says: "Since using Doan's Kidney Pills I have felt better in every way and am pleased to add my testimonial to the many already given in favor of this remedy. I had kidney trouble for years. My back ached most of the time and when I stooped or lifted, sharp pains caught me across my loins. I had no strength or energy and was also bothered by a kidney weakness. I used only one box of Doan's Kidney Pills, procured from Robert R. Bellamy's drug store and they disposed of the backache, strengthened the kidneys and gave me renewed strength."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

Blue prints of all kinds are made by Southern Map Co., phone 813, So. Bldg.

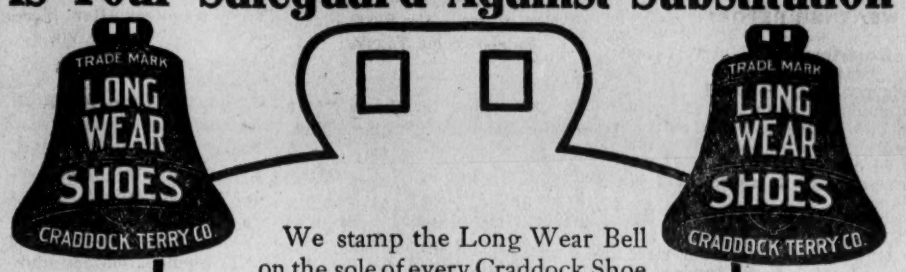
The Bell on the Sole Is Your Safeguard Against Substitution



We stamp the Long Wear Bell on the sole of every Craddock Shoe we make. It is a mark of identification. It is at once your protection and our protection. It stands for honesty of material, honesty of making and the honesty of the dealer. It stands for common, everyday sincerity—the kind that renders a full $3.50 or $4.00 value in exchange for your $3.50 or $4.00.

The CRADDOCK SHOE

$3.50 All Leathers $4.00

is a "square-deal" shoe, and the Bell on the Sole helps you to find it. Once you find it you've found the best shoe that can be made at the price. Any pair of Craddock Shoes will wear 30 days longer than any pair of any other shoes that are sold for $3.50 and $4.00.

Look up your Craddock dealer in your town and get acquainted.

—Among the guests at the Colonial Inn yesterday were J. E. Johnson, Fair Bluff; R. J. Alderman, Hendersonville; Mr. and Mrs. J. A. Robertson, Freeman's; W. A. Osborne, Greensboro; Dr. Pridgen, Kinston; J. O. Mallard, Rose Hill; Henry Hix, I. W. Mallard and W. E. Street, Faison.

THE CARIB BEING TOWED IN REPLICA OF A FAMOUS DOME

Clyde Line Steamer Disabled Off Cape Hatteras Sunday—Sabine Has Her in Tow—No Passengers—Arrives Today.

The Clyde Liner Carib, due to arrive here yesterday morning about 7 o'clock from New York, was disabled Sunday afternoon off Cape Hatteras while proceeding down the coast, and remained there anchored until yesterday when she was taken in tow by the steamer Sabine, bound for the West Indies, and which is expected to arrive with her off the bar early this morning.

The news of the accident to the Carib was received in a wireless message at Fire Island station, New York, from the Clyde steamer Comanche, which was the first to reach her after her machinery became disabled. According to an Associated Press dispatch, the Comanche made an effort to tow her to port, but the hawser parted and she proceeded after leaving the disabled vessel securely anchored. It was also reported that a revenue cutter responded to the wireless message and left Delaware Breakwater at 9:30 o'clock Sunday night.

Mr. H. G. Smallbones, superintendent of the Clyde Line here, received advices yesterday afternoon that the steamer Sabine had been dispatched by wireless and had reached the Carib, bringing her in tow to this port. From the report received she will arrive off the bar at an early hour this morning. The tug Sea King, Capt. Edgar Williams, will be in readiness to tow her to her dock up the river, which will probably be between 9 and 10 o'clock this morning. There are no passengers aboard the disabled steamer. Capt. Packer is her master.

The accident to the Carib and the prompt assistance rendered by one of her sister ships in the face of a threatened storm up and down the coast is another illustration of the almost indispensability of the wireless. A short time ago merchants and business men here petitioned the Clyde people to equip their steamers plying to this port with the wireless, and, although this has not been done the wireless aboard sister ships, which happened to be passing, perhaps saved the ship an indefinite delay even if nothing more serious. It is believed to be a question of only a few years until practically all sea-going craft will be equipped with this modern means of communication.

LOCAL DOTS.

—A commission in lunacy at 12 o'clock today will pass upon the sanity of Lizzie McCarty and Haywood Smith, colored, who were taken into custody a day or two ago and are now in the county jail.

—Polly Hill, daughter of the late Anthony Howe, a well known colored man, died Sunday at the home of her daughter on Wooster street. The funeral will be held at 3 o'clock this afternoon from St. Luke's church.

—Deputy Clerk of Superior Court W. N. Harriss yesterday received for record the articles of incorporation of the Wilmington Motor Car Company, recently granted a charter by the Secretary of the State and reported in these columns at the time.

—Mayor Walter G. MacRae was notified yesterday that a meeting of the promoters of a band for Wilmington will be held in the Court House Thursday night at 8 o'clock. The Mayor will be present at the meeting and will lend his influence to the cause.

PERSONAL PARAGRAPHS.

—Mr. and Mrs. W. M. Glover and sons, of Fayetteville, have returned to their home, after spending some time at Wrightsville Beach and with relatives and friends in the city.

—Capt. and Mrs. J. D. Price returned yesterday from Conway, S. C., where they have been visiting. They were accompanied by their daughter, Miss Annie Price, who has been spending some time at Columbia with relatives.

THE MISSION ENDS.

Concluded With Three Interesting Services by Mr. Webber Sunday.

With three largely attended services Sunday the Mission which was conducted at the Church of the Good Shepherd last week came to a close. The first service was held at 7:30 A. M., the second at 10:30 A. M., and the last at night. Large congregations were present and Archdeacon Webber was listened to with interest and close attention. He left yesterday for Clinton, where he will conduct a Mission this week.

Along the Wharf Yesterday.

The British steamer Gymeric, Capt. Hall, arrived yesterday from New York for cotton from Alexander Sprunt & Son for foreign export. The vessel came light and is the fifth steamer of the season for cotton. The schooner Chas. Noble Simmons, Capt. Green, cleared yesterday for New York with cargo of 601,794 feet of lumber from the Angola Lumber Company; vessel by C. D. Maffitt. The tug Standard, Capt. Phinney, towing Standard Oil barge No. 92, arrived in port Sunday and after discharging cleared yesterday afternoon for New York.

Infant Son Dead.

Arthur R. Vinson, the 11-months-old son of Mr. and Mrs. Marvin R. Vinson, died early yesterday morning at the family residence, No. 13 Wooster street. The body will be taken to Roseboro on the A. & Y. train this morning and the funeral and interment will occur there. Many friends extend heartfelt sympathy to the bereaved parents.

THE CARIB BEING TOWED IN REPLICA OF A FAMOUS DOME

Architecture of St. Thomas' Pro-Cathedral Here Fashioned by Same Architect After St. John's in New York.

The New York Herald of Sunday in its magazine section gives a page, illustrated description of the completion of the vast dome surmounting the cathedral of St. John the Divine on Morningside Heights, New York, by Mr. Rafael Guastavino, Jr., an eminent young architect who has upset all theories of engineers by erecting the structure with no supports other than its own material of tiling and cement.

The article is of particular local interest because of the fact that Mr. Guastavino is the architect of the splendid new pro-cathedral being erected in this city for St. Thomas' Catholic Church at Fifth and Ann streets and in the design of the pro-cathedral here is included an exact replica of the famous dome just completed in New York. Mr. Guastavino was here only last week giving directions as to the work now in progress upon St. Thomas and was a guest of Rev. Father C. Dennen. The immense dome in New York is 135 feet in diameter and its construction without supports or scaffolding of any kind is regarded one of the engineering feats of the age. Cantilever bridges involving the same principle of construction are built of sections of ready made steel frame work, trusses of steel held in place by rods, bolts and braces as the structure progresses, but the accomplishment of Mr. Guastavino is even more than that for the reason that this mighty vault above St. John's Cathedral was built bit by bit over nothing, 200 feet above the church floor. When the young architect began the work, he was called foolhardy but now that he has accomplished what he set out to do, the feat is regarded a marvelous one. The Herald says of the magnificent undertaking, which will be repeated here, only, of course, upon a more limited scale:

"Mr. Gustavino's plan was to build the entire dome of ordinary thin, flat terra cotta tile, 6x12 inches, and an inch thick—much in size and shape like the bricks of the ancient Romans still to be seen in the walls of the little church near Canterbury.

"Mr. Gustavino began laying these tile exactly as if he were shingling an imaginary dome in space, only using cement for nails. Beginning at the bottom course, the first six or seven thicknesses of tile were laid one over the other, breaking joints, in a special cement of plaster of paris. The next course, laid in Portland cement, was held in place by overlapping the tile below. This process was repeated until the great dome was finished without the aid of girders or scaffolding to support it.

"This particular method of dome building was invented by the elder Mr. Gustavino and has been extensively employed in public and monumental building in various parts of the country. But his son's startling audacity in lofty dome building marks a new departure in this branch of industry. It saves thousands of dollars by dispensing with costly false work and heavy staging for domes of such magnitude.

The dome springs from the four massive skeleton arches 62 feet square, of solid granite, rising 145 feet above the street, with a clear span of 85 feet. These four arches will eventually carry the huge tower and spire, weighing millions of pounds, shooting above the dome and church 425 feet from the pavement.

"The ten million dollar Cathedral itself has the extreme dimensions of 520x280 feet, being cruciform in plan. Work was begun 15 years ago. At present the walls and arches of the great tower, the choir and sanctuary have been completed. The four great arches form a square of about 100 feet exactly under the dome, which rises from its four corners, already making a vast cathedral chamber to open into the two hundred foot long nave and north and south transepts or wings."

BOSTON CAFE RE-OPENS.

John Heritos, Proprietor, Satisfied Judgments Against Him.

The Boston Cafe, on Princess street, closed Saturday night by Deputy Sheriff W. H. Cox under executions, was re-opened yesterday morning, John Heritos, the proprietor, having made a satisfactory adjustment of the judgments obtained against him in Justice Bornemann's court Saturday. The case instituted Saturday afternoon by Herbert McClammy and Woodus Keilum, Esqs., was also adjusted yesterday.

By a bill of sale filed for record yesterday John Heritos has sold to James Maracely for $1,000 all of his fixtures, counters, looking glasses, etc., in the building at 115 Front street, also his household effects in building at 116 North Second street.

The unpleasantness between Walter P. Gafford, Esq., and Justice Bornemann, which was manifested during the trial of the cases against Heritos, was adjusted yesterday, and the two men are now on as good terms as ever.

Dr. Vann at First Church.

Dr. R. T. Vann, president of Meredith College, Raleigh, filled the pulpit at the First Baptist Church Sunday, both morning and evening, and was heard with pleasure by large congregations. Dr. Vann is a pleasing and forceful pulpit orator and his sermons made a deep impression upon his hearers. He left yesterday morning, returning to his home in Raleigh.

A BUSY DOCTOR

Is often delayed. Keep a bottle of GOWAN'S PREPARATION in the home and be prepared for pneumonia, croup, colds, coughs, grippe, pains and soreness in lungs and throat. External and gives quick relief. All druggists, $1,00, 50c, 25c.

SCHOOL ACCESSORIES

Just a few hints for those preparing for SCHOOL DAYS.

New goods have arrived in all their beauty and elegance.

One lot of Teal Duck, 28 inches wide, 12 1-2c value, a variety of patterns and colors for school dresses, only.....8c

The Theatre

The Crystal Palace certainly "buckled" down to business yesterday both financially and artistically, this week's bill being considered the best not only of the season, but one of the best in the history of the theatre. Owing to the delayed arrival of Miss Essie St. Clair, soubrette, who is scheduled to reach the city this morning, the bill was one act shy, but at that it was regarded by all odds the cleverest bill seen this season at the Palace. The bill is up-to-date and there is not a mediocre feature. Each act is really a topliner, but, of course, the star number is that of the Harrison-West Trio, which includes Master West. This act is a big one and the audiences yesterday shouted with glee. Master West was the favorite and his dancing and jokes were received in most flattering manner. Bon Morse, tramp comedian, was seen in a splendid act, which was novel and clever throughout, and Bot Schafer, the original "coon shouter," scored heavily. His work is away from all other blackface comedians and his singing in the coon shouting line is really artistic.

At the Bijou Today.

The management of the Bijou announced last night that "The Wedding of the Blue and the Gray," one of the latest and most popular songs, sung at that popular theatre yesterday for the first time, made a distinct hit with the many patrons of the amusement retreat. It is the greatest hit in the song line ever scored by the theatre. "The Tragedy of Meudon" will be the feature picture of the bill today. It is an example of high-class motion pictures and abounds in dramatic interest. The dramatic thread of the little tragedy is the jealousy of a woman toward her new daughter-in-law.

MARRIED IN BALTIMORE.

Miss Margaret May Moran Bride of Mr. H. M. Hussey.

The following from Sunday's Baltimore Sun will be read with interest by many Wilmington friends:

"Miss Margaret May Moran, daughter of Mr. James W. Moran, Maine avenue, West Forest Park, was married to Mr. Hugh M. Hussey, of Wilmington, N. C., yesterday afternoon at the home of the bride's father, by Rev. Eugene S. Gwynn, pastor of St. Cecilia's Catholic Church. The bride wore a lace robe over a white taffeta silk, and she carried a bouquet of orange blossoms. The bridesmaid, Miss Elizabeth Moran, wore white silk and carried pink roses. At 5 o'clock the bride and groom took the boat for Norfolk for an extended tour through the South. They will be at home October 13 at Wilmington, N. C."

Specimens of the Octopus.

Two remarkably fine specimens of the octopus or devil fish were captured by Mr. Don VanDuzen at Wrightsville Beach Saturday afternoon and Sunday. Mr. VanDuzen was walking along the water's edge Saturday afternoon with a cast net over his shoulder when the octopus reached out after it and the fish was pulled ashore. Sunday afternoon he hooked one of them on a heavy fish line baited with mullet. The specimens will be preserved and sent to the University of North Carolina for scientific research.

For Physical Exhaustion Take Horsford"s Acid Phosphate

Especially recommended in physical and mental exhaustion, nervousness and impaired digestion.

THE RECORDER'S COURT.

The Usual Number of Monday Morning Defendants—Minor Charges.

Recorder Furlong was greeted yesterday morning by the usual large number of Monday defendants gathered in by the officers over Saturday night and Sunday. In practically all the cases the defendants were charged with drunkenness or disorderly conduct and the usual fines were imposed.

The arrests over Saturday night numbered 22 and have brought the police force face to face with a very serious condition as regards an enforcement of the prohibition law. While all realize that the uniformed police can accomplish little in blind tiger extermination, it is being freely talked that the situation demands extreme measures and those who know of the determination of Mayor MacRae when aroused, believe that the showing just made is the beginning of the end of wholesale illegal traffic in liquor that is believed to be going on.

Esther Williams, colored, was given a term of three months on the county farm for an assault Saturday night upon Viney Brockington, colored, with a knife. Both women, it developed, were of bad character and have done service for the county. Geo. L. Peschau, Esq., represented the defendant and gave notice of an appeal to the Superior Court. Bond was fixed at $100.

Mary Banks, Blanche Banks, Geo. Fulton and Walter Shaw, colored, were tried on the charge of maintaining a disorderly house in Stedman's alley. Blanche Banks was given six months on the county farm and Mary Banks got off with three months. The other defendants were discharged.

Haywood Smith, colored, was arraigned on the charge of vagrancy. It was evident to the court that he was mentally unbalanced and the negro was committed to the county jail to await an examination by the Clerk of Superior Court as to his sanity.

Cases against R. Davis, Sam Houston, Tom Overby, Sherly Breen, John Riggs, Grover Riggs, John Holland, Herbert Mason and Robert Skipper all white, charged with secret assault upon George McInnerney, also a white man, was continued until Thursday at the request of Walter P. Gafford, Esq., who appears for some of the defendants. It is stated that McInnerney was pretty badly used up in the melee. He was indicted by Sam Houston in Justice Bornemann's court yesterday morning on the charge of assault. The defendant submitted to the charge and was let off upon payment of costs.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: H. G. Saunders to J. Theodore Runge and wife, for $1,000 and other considerations, lot on south side of Castle, 140 feet west of Seventh street, 43x165 feet in size; J. W. Hardy and wife to Henry Dew and wife, for $500 and other considerations, lot on west side of Third, 66 feet north of Wright, street, 33x165 feet in size; M. M. Moore and wife to H. D. Stanland, for $100 and other considerations, lot on south side of Dawson, 99 feet east of Seventh street, 33x66 feet in size.

Rev. J. N. Cole Here.

Rev. J. N. Cole, the beloved superintendent of the Methodist Orphanage, at Raleigh, arrived in the city yesterday from Newbern, where he spent Sunday, and was the guest for the afternoon of ex-Mayor William E. Springer, leaving on the evening train for his home. The orphanage work at Raleigh, under the direction of Mr. Cole, has greatly prospered and there are no more welcome visitors to Wilmington than the genial, kindly superintendent.

THE WAY TO KEEP A COOK is to give the best materials, among them SAUER'S FLAVORING EXTRACTS

GOOD BERRY CROP PROSPECT.

General News Items From Pender and Rocky Point.

(Special Star Correspondence.)

Rocky Point, N. C., Sept. 20.—The condition of the berry crop is good, seasons having been good for frequent cultivation. There will be a slight increase in acreage. Some have ploughed up old patches and are waiting favorable seasons for resetting new plants, of which there seems to be a sufficiency on hand that have made fine growth.

Cotton is being rapidly hauled in to the public ginnery of Mr. H. W. Messick, that is installed with all the latest improvements. The market opened here at four cents for seed cotton, and brings to the small grower quite a nice bit of plunks, the ever-needful, like the oil of joy, keeps the wheels of commerce greased and a-turning.

The Angola is going to be drained, 1,000 bushels of corn is going to be raised where "nary grain" is. Things will be under a new regime. Pender will have good roads and we will come up to the boast, "We are the best county of North Carolina."

Talking about great achievements, Cook and Peary are nowhere compared with the heroic unselfish act of Miss Weaver in giving her life's blood to save a dying man; there is nothing grander on record since our Savior gave his life for us on the cross.

There was a fine horse lost at Blossom's Ferry Saturday by being drowned. It was the property of a colored Baptist preacher. The ferryman says the preacher could have saved the horses's life if he (the preacher) had acted up to his profession of faith and "gone down into the water" and held the horses head up. That makes six horses and one valuable human life lost at this place and still no bridge in prospect. Query: "Who is to blame for this condition of affairs? Let the matter be sufficiently aired."

"E. D. P."

Register Company Brings Suit.

Through its local counsel, John D. Bellamy & Son, the McCaskey Register Company has instituted a suit in the Superior Court, here, against W. J. Bradshaw and Henry Batson, doing business under the firm name of W. J. Bradshaw & Company, for $302, alleged to be balance due on a $343 McCaskey register, alleged to have been contracted for by the defendant company March 3, 1909. The complaint in the action was filed yesterday.

Nursing Mothers and Malaria.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

CULTIVATE your memory by taking home with you a box of NUNNALLY'S regularly every so often. The goodness of the candies will help you to remember, and the pleasure of the folks at home will make you glad you did remember. Be sure you don't forget the most important part—the name—

Nunnally's

A fresh supply always kept by J. HICKS BUNTING DRUG COMPANY.

"None Like Nunnally's."

CITY RENTS MARKET HOUSES

Stalls and Store Rooms Offered at Auction Yesterday—The Average Rental Considerably More Than Last Year.

In pursuance to advertisement the city, through its representatives, yesterday rented the various meat and fish stalls, restaurants and stores of the market houses at public auction. The city clerk and treasurer, Mr. Jno. J. Fowler, was accompanied by all the members of the Market committee of the Board of Aldermen, Chairman J. B. Fales and Messrs. J. H. Hinton and W. L. West. The journey from one market house to the other was made in Mr. Hinton's automobile, which made his presence all the more desirable by the other members of the committee and the city clerk and treasurer.

Mr. Fowler stated yesterday afternoon that some of the spaces rented for less money than last year while others rented for considerably more, the average being much in favor of this year's deals. The gentlemen first visited the market at Fourth and Campbell streets and the successful bidders for stalls were as follows, the figures in each instance representing the rent for one year:

No. 1 to J. Cumber for $100 and 25 cents premium; No. 2 to J. N. Richardson for $100 and 25 cents premium; No. 3, not rented; No. 4, to Decatur Sneed for $84 and 25 cents premium; Store No. 1, not rented; Store No. 2, to S. O. Frink for $125 and 25 cents premium; hall over building, not rented. Fish tables—Nos. 1 and 2, to H. T. Fergus for $60 and $27 premium each; Nos. 3 and 4 to D. J. Fergus for $48 and $31 premium each. Vegetable spaces—No. 6, to D. J. Fergus, for $48 and $9.50 premium; No. 5, to D. J. Fergus, for $48 and $9.50 premium.

The Fifth Ward market, corner of Fifth and Castle streets, was secured in its entirety by O. H. Kennedy for $248 and 50 cents premium.

The space at the Front street market was rented as follows: Stalls 1, 3 and 5, north side, to Hopkins & Davis, for $286 and 25 cents premium; Stalls 1, 2 and 3 south side, to Hopkins & Davis, for $150 and 25 cents premium; room No. 4, up stairs, to Hopkins & Davis for $12 and 25 cents premium; stalls 2, 4 and 6, centre aisle, to I. B. Rhodes for $286 and 25 cents premium; stall No. 7, north side, to I. B. Rhodes for $36 and 25 cents premium; Stall No. 10, centre aisle, to S. Merrick for $24 and 25 cents premium; stalls 9 and 11, north side, to J. S. Folkes for $24 and 25 cents premium; stall No. 12, centre aisle to Hobbs & Futrell for $24 and 25 cents premium; restaurant No. 1, to Mitchell Chawalios for $60 and 25 cts. premium; room in rear of restaurant to same party for $6 and 25 cents premium; restaurant No. 2 to Joe Quinn for $60 and $1 premium; restaurant No. 3 to Tony Fontopular for $60 and $5 premium; room No. 3, up stairs, to J. H. Hardin for $63 and 25 cents premium; room No. 1 not rented; store No. 1 to C. E. Collins for $150 and 25 cents premium; store No. 2 to B. B. Futrell for $120 and $10 premium; store No. 3, to William Sneeden for $150 and 25 cents premium. Fish spaces—Nos. 1 and 2 to W. M. Sneeden for $300 and 25 cents premium; No. 3 to W. M. Sneeden for $120 and $9.50 premium; No. 4 to W. M. Sneeden for $120 and $11.25 premium; Nos. 5 and 6, to R. C. Fergus, for $192 and 25 cents premium.

Members of the committee stated that they would not allow the sale of shad from the fish stalls.

CAROLINA YACHT CLUB.

Official Statement From Regatta Committee as to Race Sept. 11th.

At a meeting of the Regatta Committee of the Carolina Yacht Club held yesterday the following were found to be the facts regarding the race that was called off Sept. 11, 1909:

"At 4:30 o'clock, the time for the race to start, there was a very light wind and the race was delayed until 5:12 o'clock.

"Before starting the boats the committee called all the captains together excepting three or four that could not be reached, and it was decided to start the race, putting a limit of two hours, and instructing the judges that if they believed that the boats could not finish within the required time to call the race off.

"The boats went around the course twice, when the judges decided to call the race off, as they did not think they could finish in the required time, and furthermore it was so dark that they could not get the time accurate if it was continued.

"At the time the race was called off No. 74 was in the lead with No. 58 one minute and forty seconds behind her, thus making No. 58 ahead by corrected time for an 8-mile course, as shown below, four seconds.

"No. 74, start 5:12:20, finish 6:37:15, elapsed time 1:24:55, handicap, 1:29, corrected time 1:23:26.

"No. 58, start 5:15:33, finish 6:38:55, elapsed time 1:23:22, corrected time, 1:23:22.

"That the judges were fully within their power when they called the race off.

E. A. METTS, chairman.
W. D. MacMILLAN, Jr.,
Regatta Committee, C. Y. C.

Night on Bald Mountain.

On a lonely night Alex. Benton of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his sons' wife of a severe lung trouble. Millions believe it's the greatest Throat and Lung cure on earth. Coughs, colds, croup, hemorrhages and sore lungs are surely cured by it. Best for hay fever, grip and whooping cough. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

THREE WEEKS' TERM OF COURT

Judge O. H. Allen Will Be Able to Preside—Murder Case on Docket for Trial—Two Weeks Devoted to Civil Matters.

The regular September term of New Hanover Superior Court, one week for criminal cases and two for civil causes, will convene next Monday morning with Judge Oliver H. Allen, of Kinston, who is rapidly recovering from an attack of typhoid fever, presiding. The first week will be devoted to criminal cases and the next two weeks to civil cases.

Deputy Clerk of Superior Court W. N. Harriss yesterday received a letter from Judge Allen, in which he stated that his physicians had advised him that he would probably be able to hold court here next week. It will be recalled that the September term of Pender county Superior Court was not held on account of the illness of Judge Allen and the Governor's inability to secure another judge to preside in his place. Members of the local bar feared that Judge Allen would not be able to hold court here next week and the information contained in the letter to Mr. Harriss was gladly received.

The most important case on the criminal docket is the one in which Joe Stephens, a young white man, is charged with murder of his fellowman, E. R. Shields. The circumstances of the killing of Mr. Shields are still fresh in the minds of the people of this section, the tragedy taking place on the morning of July 9th last. The case was called at the last term of court, but was continued at the request of counsel for the defendant, Hon. John D. Bellamy and Herbert McClammy, Esq. Solicitor Rodolph Duffy will be assisted in the prosecution by Louis Goodman and Joseph W. Little, Esqs., prominent young members of the local bar. Another case of much interest is against B. Coxe, charged with house burning. The defendant was tried some months ago, the jury failing to agree, hence a mistrial was ordered. The case was again called at the last term of court, but was continued until the September term. The "blind tiger" cases against M. L. Winner, continued from the last term, will also be of much interest.

The civil term begins Monday, October 4th, and, as stated, will be for two weeks. The bar of the county will meet in the office of the Clerk of Superior Court Friday morning and arrange the calendar for the term. There are as usual a large number of cases on the civil docket and only a small portion of these will go on the calendar and a large number of those on the calendar will not be reached.

RESTRAINING ORDER ISSUED

Brooke G. Empie, Esq., Appointed Receiver for Stephens Construction Company and Will Take Charge All Property.

Arthur Cobb, Esq., representing a number of the larger creditors of the Stephens Construction Co., against which there was recently filed a petition in involuntary bankruptcy, returned last night from Wilson and Raleigh, having obtained at Wilson from Judge Connor, of the United States Court, an important injunction in the case and an order appointing B. G. Empie, Esq., of the Wilmington bar, receiver in bankruptcy for all the assets of the company, pending a hearing before the referee and the regular appointment of a trustee.

The fact of the injunction and order secured from Judge Connor by Mr. Cobb will be to set aside the numerous judgments and executions in the State courts by a number of the smaller creditors of the concern and to have all the affairs of the alleged bankrupt wound up in the Federal Court. The injunction enjoins all persons, firms, corporations, etc., including the sheriffs of New Hanover, Wake and all other counties and all constables and officers of any kind whatsoever from in any manner seizing, holding, interfering with or in any way exercising any control over any or all of the property of the construction company, or from taking any action in the direction of enforcing and lien or foreclosure of any mortgage upon the property of the Stephens Construction Co., and further enjoining and commanding all persons to turn over any and all property of the Stephens Construction Company in their possession to any proper officer of the United States District Court.

The order, which was signed upon motion of Mr. Cobb, appoints Mr. Empie receiver in bankruptcy of all the property and assets of the company and gives him warrant to seize upon and take charge of all the assets of the bankrupt and administer the estate pending the election of a trustee. The papers will be properly served today and the entire affairs of the company will then have passed over to the bankruptcy court for final adpudication.

Death of Infant Daughter.

Many friends of Dr. and Mrs. Thos. M. Green deeply sympathize with them in the death of their infant daughter, Rebecca West Green, which occurred yesterday at the family residence, No. 310 Chesnut street. The funeral services will be held at 11 o'clock this morning from the residence, conducted by Rev. Thos. P. Noe, rector of the Church of the Good Shepherd. Interment will be in Oakdale cemetery.

Go With a Rush.

The demand for that wonderful Stomach, Liver and Kidney cure, Dr. King's New Life Pills—is astounding. R. R. Bellamy says he never saw the like. It's because they never fail to cure sour stomach, constipation, indigestion, biliousness, jaundice, sick headache, chills and malaria. Only 25c.

LET'S HAVE A BIG SHOW!

Correspondent Writes Interestingly of Mr. Taft's Proposed Visit—Wilmington Should Not Neglect This Opportunity.

(Communicated.)

For about one hundred and sixty years Wilmington, N. C., has occupied a place on the map. During that long time she has grown at the rate of one hundred and eighty-eight souls per annum.

All around us we see cities no better situated and with no more advantages, that have surpassed us in wealth, business importance and population, and the question naturally arises in the minds of observers, "Why?" It is because Wilmington has been asleep. We have not kept time with the march of progress.

We have grown, it is true, but the growth has not been of our own making. It is but the reflection of the progress around us. The crumbs that fell from the rich man's table has been our portion. It sounds nice and pleasant for some countryman, from the swamps, to come here and fill our ears with his cries of wonder at our magnificence, but let him visit some other city and he soon forgets our little glories. Magnificence and wealth is measured by comparison. How do we compare with the rest of the world?

We have confronting us an opportunity such as Wilmington has rarely, if ever had before. Will we take advantage of it?

There is already the out-croppings of an inclination to allow this opportunity to pass by. All kinds of reason are advanced why we should not spend any money on this occasion. It is argued that we had better build up our streets. We cannot afford to spend the money, etc.

In my opinion we cannot afford not to spend it. What kind of figure would we cut in the eyes of the world, if the correspondents with the Presidential party send the news to the world that the President spent twelve hours in Wilmingon and received only a passing notice. A trip on a tug.

What would the visitors who come to us on that occasion think, if there was no preparation made to entertain them while here? How would you feel to go away and when it is known that you are from Wilmington, hear the scornful remark, "Oh, yes, you are from that little place in North Carolina that couldn't afford to entertain the President."

Don't let the world receive the impression that we are a modern "Sleepy Hollow." Make it a big day. Make it different from every other reception the President receives in his journey. Give the visitors something to talk about when they go home. Light up Front street as it was never illuminated before. Invite the military of the State to attend and provide them with quarters free of charge. House them in the warehouses and public halls of the city. Fill them with the idea that Wilmington is a hospitable and wealthy city, and we will get such an advertisement that the ten thousand dollars could not buy in the newspapers of the land.

It is not a question of politics, it matters not whether we admire the President. We need not do it for his sake.

These questions are not relevant. It is a question of the prestige of our city. Shall we allow Charlotte and other cities of the State to lead us in the eyes of the world? Shall we advertise that we are a crowd of tightwads and "shylocks" demanding our pound of flesh?

Loosen up the city purse strings. Let's have a show one time.

Yours truly,
"A HUMBLE ONE."

MR. BELLAMY IMPROVING.

Able to Be Removed From the Beach to His Home in the City.

Many friends in Wilmington and throughout this section of the State will be pleased to learn that Mr. Marsden Bellamy, Sr., who was stricken with paralysis last Friday morning, is improving, though slowly, and that he was able to be removed from the home of his son-in-law, Mr. R. C. DeRosset, on Wrightsville Beach, to his residence on Market street, last night. He stood the trip well and his condition still shows signs of improvement.

Death of Young Daughter.

Friends of Mr. and Mrs. L. Polston deeply sympathize with them in the death of their 11-year-old daughter, Blanche E. Jones, which occurred at the family residence, 1310 South Second street, at 7:30 o'clock Sunday morning, following an illness of malaria fever. The funeral service was held from the residence at 3 o'clock yesterday afternoon, conducted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church, and interment was in Oak Grove graveyard, a few miles from town. The pall-bearers were: Messrs. Harper O. Sullivan, William Revielle, E. S. Potter and W. H. Jenkins.

Delicious Puddings

made from

JELL-O ICE CREAM Powder

Mix together one package **Jell-O Ice Cream Powder** (any flavor) and two heaping tablespoonfuls of corn starch. Dissolve in a little cold milk. Stir this mixture into one quart of boiling milk and cook until sufficiently thick, usually from one to two minutes. Serve with milk, cream or any good pudding sauce. Use double boiler or stir constantly to prevent scorching. May be garnished with strawberries or any small fruits.

Stir a package of Jell-O Ice Cream Powder into a quart of milk and make two quarts of fine ice cream at one cent a dish.

Sold by all Grocers. 2 packages 25c.
Illustrated Recipe Book Free.

STATE CONVENTION U. D. C.

Largely Attended Meeting of Local Chapter—Various Committees APpointed—Delegates to National Convention.

At one of the most largely attended and enthusiastic meetings held in some time, Cape Fear Chapter, United Daughters of the Confederacy, yesterday afternoon practically perfected arrangements for the entertainment of the visiting Daughters to the State Convention which will be held in this city October 13th to the 15th. There were 65 members of the chapter present and the interest was the keenest that has been displayed at any recent meeting.

A committee, composed of Messrs. J. G. Boney, chairman, and Clayton Giles and L. Leon, from Cape Fear Camp, United Confederate Veterans, was present and extended through Mrs. Cuthbert Martin, as chairman, and Mrs. F. L. Huggins, of the luncheon committee, an invitation to the local and visiting Daughters to attend a luncheon which will be given in honor of the visitors on Wrightsville Beach Friday, October 15th. The invitation was accepted with the thanks of the chapter. On Wednesday the Daughters will be entertained at luncheon by the local lodge of Elks in its hall room. Arrangements for the Thursday luncheon have not yet been perfected.

The following were named as the laurel wreath committee for the month: Mrs. John T. Rankin, chairman; Miss Maud Kingsbury, Miss Elizabeth Peck.

The visitors to the State Convention, expected to number at least 100, will be entertained in the homes of the local members.

Ushers and committees for the convention were appointed yesterday afternoon as follows:

Ushers—Miss Mary Calder, chief marshal; Misses Bessie Gore, Fannie Taylor, Bertha Steljes, Margaret Price, Elise Emerson, Thurber Gore, Mary Post, Christine Stevenson, Alice Borden, Julia Parsley, Julia Worth, Atha Hicks, Alice Davis, Cynthia Hedrick and Elizabeth Woodward.

Decoration Committee—Mrs. M. S. Willard, Mrs. Sol Sternberger, Mrs. L. L. Pritchard, Mrs. Walker Taylor, Mrs. Cuthbert Martin, Mrs. E. K. Bryan, Mrs. John Rankin, Miss Mary Calder, Mrs. W. G. Pulliam, Mrs. J. C. Munds, Miss Viola Bear, Miss Julia Worth and Mrs. Wm. DeRosset.

Transportation—Mrs. Junius Davis and Mrs. Cuthbert Martin.

To Meet Trains—Mrs. Rufus Hicks, Miss Julia Parsley, Miss Julia Worth, Miss Bessie Gore, Miss Julia Post and Mrs. C. D. Bell.

The committees on luncheon were named as follows:

Wednesday, 13th—Mrs. Wm. Beery, chairman; Mrs. M. L. Stover, Miss Jane Meares, Mrs. P. Q. Moore, Mrs. Lena Beery, Miss Eliza Metts and Mrs. Jas. F. Woolvin.

Thursday, 14th.—Mrs. F. L. Huggins, chairman; Mrs. R. C. Cantwell, Mrs W. G. Pulliam, Mrs. F. A. Lord, Mrs. Cuthbert Martin, Mrs. M. G. Sanders, Mrs. C. C. Brown, Mrs. W. B. Cooper and Miss Mamie Steljes.

Friday, 15th.—Mrs. L. H. Smallbones, Mrs. Hicks Bunting, Mrs. John Quelch, Miss Alice Price, Miss Helen Fillyaw, Miss Margaret Price and Miss Lydia Yates.

"The Store That's Always Busy"

Complete Showing of Women's Fall Suits!

We will feature special this week a big showing of handsome suits, over one hundred in number, all of the choicest materials in the 42 and 45 inch length coats, at—

$15, $20, $22.50 and $25

Duplicates of these garments three weeks later will cost you several dollars more. No charge for alteration on these suits, and much better attention can be given you now than when the rush season is on.

Ladies' Capes and Sweaters are expected during the week. We invite you to call to see them. These garments are very stylish and popular this season. Sweaters, $2 to $5 each. Capes, $6 to $15 each.

Jet Dress Trimmings—All the dress trimmings have arrived. The most popular is the jet. We have them in all widths. Tassels in jet, gilt and silver.

VOTE FOR THE PIANO—During the winter we are going to give away free a fine Cote Piano. Every cash purchase entitles you to a vote. Call and let us explain how to cast your vote.

The C. W. Polvogt Co.

SPIRITS TURPENTINE

—Wilson, N. C., Sept. 18.—This afternoon Deputy Collector Wood and United States Marshal J. D. Meares destroyed an illicit distillery of 60 gallons capacity on the land of William Forsyth, one mile east of Lucama. Three barrels of cider and a lot of peach seed were also found. At the home of Forsyth a quantity of corn whiskey and peach brandy was found. The still was warm, showing that it had been operated recently.

—Asheville, N. C., Sept. 18.—While stepping aside last night at Swannanoa station to allow one passenger train to pass, Frank Mims, a boy 10 years of age, walked on the track in front of an approaching passenger train, was run over and so badly injured that when he was brought to the hospital here it was necessary to amputate both legs, one between the ankle and and knee and the other just below the thigh. He did not notice the approach of the second train until too late. He is the son of the late O. L. Mims, who met his death here about a year ago from an accident due to a runaway horse. He is the only son of a widowed mother.

—Fayetteville, Sept. 18.—The Donaldson Military school opened for the Fall session Thursday with a large attendance, totaling twice that of last year. The opening exercises consisted of chapel services, conducted by Rev. W. M. Fairley, pastor of the First Presbyterian Church, of this city; military instruction and academic classification. The members of the faculty are much gratified with the prospects for a most successful term. Particular attention is paid to athletics at the school, and the student body is very enthusiastic over the bright outlook for a winning football team. Active practice has begun and the teams will be selected from the squad of candidates Monday.

—Raleigh News and Observer, Sept. 19. Governor Kitchin has reecived a letter full of mystery concerning the ownership of hidden treasures. The question asked, which possibly may not be answered by an officer of the State at this stage of the enquiry, is: Whose is the ownership of a discovered hidden treasure? The name of the author and the geography of the location of the discovery were not divulged, but it is believed the treasure was unearthed in the Albemarle section where Capt. Teache, the famous pirate, is said to have buried immense riches, the spoils of vessels he captured. For many years searches have been conducted for this wealth, supposed to be concealed in some cave, grave or subterranean passage. Governor Kitchin sent the communication —which was from a woman—to the Attorney General, with the hint that the State may have some interest in hidden treasures. Attorney General Bickett is out of the city and it is not known what answer he will make to the question, or whether he will rule on it or not.

—Rockingham Post: A story containing much of pathos was that related to Justice Long Tuesday by Maggie Godwin, a little country girl apparently not more than fifteen years old. The girl said that her home was at Benson, in Johnston county, and that she came to Rockingham in response to a letter from her sweetheart, J. M. Norton, who promised to marry her immediately on her arrival here. On her arrival she insisted on his keeping his word, but he found some excuse for not doing it and kept making her promises. The couple then went to Hannah Pickett mills and both found work. They lived together there as man and wife, the girl daily pleading with the man to keep his promise. Norton treated the girl very badly, frequently getting drunk and beating her. Tuesday she decided that she could stand it no longer and come to town and swore out a warrant for Norton. He heard of it and drawing all the money due them at the mill as wages, he skipped. The officers have failed to locate him. Norton came here from Lumberton. Any information as to his whereabouts will be appreciated by the local authorities.

—Hamlet, Sept. 18.—Coleman Caudle, a youth about 18 years of age, was arested yesterday, charged with breaking into the hardware store of the Everett Hardware Company, of Rockingham, and making his escape with about 18 revolvers. The store was broken into Tuesday night and Caudle was making his way to parts unknown when he was apprehended and brought to Hamlet by a Mr. Freeman, who lives a few miles below here. A very amusing incident occurred at the premliminary hearing before Mayor R. A. Lackey. Mr. Lackey read the charge and asked the prisoner if he was ready for trial. He replied that he was not. "What is your sanity," said the prisoner. The case was some witnesses," replied the prisoner. "Well, what do you want to prove by those witnesses," asked the court. 'Insanity,' said the prisoner. The was a very clear one against Caudle, as he was caught with the goods on him, or at least a part of them. He had disposed of several of the revolvers, but still had enough to arm quite a posse. Upon the request of Mr. Everett that the bond be made as light as possible, he was required to give surety in the sum of $100. At a late hour he had not been able to raise the required bond and was resting in Wright's lodging house.

A Hurry Up Call.

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and soon cured all the family. It's the greatest healer on earth. Sold by R. R. Bellamy.

ATLANTIC COAST LINE

To New York and Return for the Famous Hudson-Fulton Celebration.

This historic celebration will take place from Saturday, September 25th, to Saturday, October 9th. The principal events during the first eight days will occur in greater New York and in the Hudson River opposite the city. The following week the celebration will continue at the Hudson river cities and villages from New York to Troy.

This event, commemorating the 300th anniversary of the navigation of the Hudson river by Hendrik Hudson and the 102nd of the operation of the first steamboat by Robert Fulton, will present a spectacle in land and water parades and illumination such as the world never witnessed.

All the great navies of the world will be abundantly represented, which with other craft, including replicas of the historic "Halfmoon" and "Clermont," will go to make up a water parade of a thousand or more vessels and on the land there will be gorgeous spectacles in floats, parades, reviews, exhibitions, decorations and a thousand and one object lessons in our 300 years' progress.

Every day will be a picture of a veritable fairyland and millions of electric lights of all colors and sizes will fairly turn night into day.

For this occasion the Atlantic Coast Line will sell on September 23rd to 30th, inclusive, round trip tickets to New York at the low rate of $21.00 from Wilmington. The tickets will be limited returning to leave New York any time up to and including October 10th.

Through schedules are shown in another column of The Star. Reservations in sleeping cars may be made by telephoning 160 and this matter should be attended to at once by those contemplating the trip.

Attractive Variable Route—Excursion Fares by the ATLANTIC COAST LINE.

The Atlantic Coast Line has issued a folder announcing attractive excursion fares to a number of Eastern resorts, including Niagara Falls, Montreal and Quebec, going and returning by the Atlantic Coast Line as far as Washington, but by widely variable routes north of that city, that is, a passenger can select almost any route from Washington to destination and return by almost any other regular route.

These rates open up a new method of traveling and will no doubt be largely patronized, as New York, Boston and nearly all the Eastern resorts can be reached by one of these "Variable Routes," or what may be more properly termed "Circular Tour," tickets especially as liberal stop-over privileges will be allowed.

One of the folders giving the routes in detail with rates and other information may be obtained by calling on or addressing the undersigned.

SHEEP—Old dull $1.00@$2.00 per head. Lambs, good demand $1.25@$3.00.

TURKEYS—Out of season.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Sept. 20.—The long predicted 13c level was reached in the cotton market today, the May contract selling at that figure with trading active and excited on account of material crop damage as a result of the gulf storms entering the interior. The close was a little off from the best, but steady at a net advance of 15 to 22 points. The market opened firm at an advance of 7 to 11 points in response to firm cables, talk of a better spot demand from New England mills, and the progress made by the gulf storm of Sunday in the direction of the Louisiana coast. The initial advance carried the market into new high grounds for the movement and attracted heavy realizing under which prices reacted to about the closing figures of last week, but there was little aggressive bear pressure owing to storm news, and later the market became very active and firm on reports from New Orleans that a storm of marked intensity was reaching the belt. Southern and Western bulls were aggressive buyers on the advance while there seemed to be a considrable broadening of commission house demand and before the upward movement was checked prices were selling 10 to 23 points net higher with all months, except October, making new high records for the season. December sold at 12.93 and May at 13.00. The market closed with December at 12.91 and May at 12.96 bid, and realiizng sales were well absorbed right up to the end of trading. Southern spot markets officially reported early were 1-16c to 1-8c higher and while an Augusta wire claimed a cheaper basis the majority of the news from interior markets was bullish, with Boston said to be buying. Liverpool appeared to be quite anxious over the storm situation, many cables being received here inquiring as to its course and intensity .

Receipts at the ports today 47,000 bales, aaginst 40,898 last week and 41,944 last year. For the week 300,000 bales, against 241,526 last week, and 287,179 last year. Today's receipts at New Orleans 4,131 bales, against 4,057 last year, and at Houston 26,360, aaginst 18,302 last year.

Spot cotton closed quiet 15 points higher; middling uplands 13.00; middling gulf 13.25; sales 600 bales. Futures opened steady and closed steady.

Month	Open	Close
September	——	12.75
October	12.76	12.76

THE LIVERPOOL MARKET.

(By Cable to the Morning Star.)

Liverpool, Sept. 20.—Spot cotton, good business done, prices nine points higher. American middling fair 7.55; good middling 7.21; middling 7.05; low middling 6.87; good ordinary 6.61; ordinary 6.36. The sales of the day were 10,000 bales, of which 500 were for speculation and export and included 9,100 American. Receipts 2,000 bales, including 1,800 American. Futures opened firm and closed quiet. September 6.84 1-2; September and October 6.77 1-2; October and November 6.73 1-2; November and December 6.71; December and January 6.72; January and February 6.70 1-2; February and March 6.70 1-2; March and April 6.70 1-2; April and May 6.70; May and June 6.70; June and July 6.70; July and August 6.68.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Sept. 20.—The sharp advance in raw cotton today served to puzzle the cotton goods manufacturers still further as to the future. Prices cannot be quoted for distant delivery, owing to the uncertainty regarding the price mills will have to pay for their raw material. Buyers are disposed to place good orders for late delivery, but only on today's basis of value. These proposals are being declined and a curtailment of production throughout New England is under consideration to bring about a more normal state of affairs.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, Sept. 20.—Encouragement for a resumption of speculative operations was found in the substantial recuperation in the banking surplus disclosed by the weekly bank statement on Saturday after the stock market had closed. The fact that a scaling down of the loan account was responsible for the reduction of the reserve requirement did not detract from the satisfaction felt at the restoration of a broader margin in the surplus.

The long time favorites in the speculation resumed their prominent position in the market at the outse and rapidly on large transactions.

Unied States Steel rose briskly to a new record level, helped by the continued highly favorable condition reported from all branches of the trade.

Southern Pacific and Union Pacific were heavily bought and the importance of the alleged agreements amongst banking interests to insure harmony in the control of those properties was dwelt upon. The sympathetic influence of these movements on the general list was considerable, but was not without exceptions.

Railroad traffic officials showed some reservations as to increases in the freight movement which were most perceptible in the corn and cotton regions. Impaired prospects for those crops have had some effect on the activity of the demand for merchandise. The irregular tone of the market increased as the day progressed.

Bonds were firm. Total sales par value $3,820,000. United States bonds were unchanged on call. Total sales today 893,200 shares.

FINANCIAL MARKET.

(By Wire to The Morning Star.)

New York, Sept. 20.—Money on call firm, 2 3-4 to 3 per cent., ruling rate 3, closing bid and offered at 2 3-4. Time loans very dull and steady. Sixtyy days 3 3-4 to 4 per cent., and ninety days 4 per cent., six months 4 1-2 per cent. Prime mercantile paper 4 1-2 to 5 per cent. Sterling exchange firm, actual business in bankers' bills at 4.8435 to 4.8440 for sixty days bills and at 4.8615 for demand. Commercial bills 4.83 3-4 to 4.84 1-4. Bar silver 51 1-2. Mexican dollars 43.

CHICAGO PRODUCE MARKET.

(By Wire to the Morning Star.)

Chicago, Sept. 20.—Record-breaking receipts at Minneapolis and Duluth had a weakening effect on the wheat market here today but the heavy movement in the northwest was offset in a large degree by a material falling off in receipts in the southwest. The market closed fairly steady with prices 1-8c lower to 1-2c higher. Corn and oats were weak, but provisions were steady.

LUMBER AND SHINGLE MILLS
The largest stock of cypress shingles carried in the State. We always have over a million in stock.
We make 13 different grades and sizes, varying from $2.00 to $10.00 per M. Our shingles are recognized in the Northern Markets, as well as in the West Indies, as the very highest standard, both in grade and manufacture. "We have a standing guarantee that " we give (2) good ones for (1) bad one."
Don't buy any shingles that do not have W. W. Koch in large type on every bundle.
We do not dip the ends of our shingles in red ocre to hide windshakes and other defects. Don't buy until you get our prices and compare the shingles. We make and dispose of 20,000 shingles per day.
We furnish all the shingles for the government at Fort Caswell, ours being the only shingles tat stand government inspection.

BASE BALL

American League.

Philadelphia, Sept. 20.—Philadelphia defeated Dertoit today 4 to 3 in the final game of the series, making three victories for the former to one for Detroit. It was the 14th victory for Philadelphia in 22 from Detroit this season. The game today was exciting from start to finish, more than 29,000 persons cheering themselves hoarse. Barry, of Philadelphia, was spiked on the leg by Cobb sliding to second. The club's physician declared it probable that Barry will be out of the game the rest of the season. The home club's officials and players admit the injury was an accident. No demonstration was made against Cobb, who left the field early in the ninth inning. Philadelphia bunched safe drives with battery misplays by Detroit, while the visiting players also made the majority of their hits count. An error by McInnis, who succeeded Barry at short stop gave Detroit a chance for a rally and three of their safe hits were made in the sixth after the side should been retired and sent two runs over the plate. Delehanty had an attack of stomach trouble and was unable to play today, O'Leary doing splendid work at second for Detroit.

Philadelphia scored two runs in the first on four balls to Barry, Collins' double and Baker's single. O'Leary, who received four balls at the start of the third, went from first to third when Barry threw Summers out. O'Leary scored on McIntyre's long fly to Heitmuller. Philadelphia scored two more in the fourth. With one out Baker singled and took third on Davis' single, the latter keeping on to second when Moriarity dropped the throw to third base. A passed ball scored Baker and moved Davis to third, the latter scoring on Murphy's single. With one out in the sixth, McInnis fumbled McIntyre's grounder and Bush fanned. Cobb singled to right and Crawford beat out a grounder which glanced off Plank's glove, filling the bases. Moriarity singled to left, scoring McIntyre and Cobb, but the rally ended when Stanage flied to Collins. Detroit went out in order in the last three innings, Crawford starting the ninth with a single, but being doubled up when Stanage sent a grounder to Collins.

The total attendance for the four 117,208.

The Road to Success.

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of the stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by R. R. Bellamy.

CHANCE FOR STAR READERS.

In order to test the Star's great circulation and its superior advertising value, we have made arrangements with J. Hicks Bunting Drug Co., the popular druggists, to offer one of their best selling medicines at half price to anyone who will cut out the following coupon and present it at their store:

COUPON.

This coupon entitles the holder to one 50c package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, 25c. J. Hicks Bunting Drug Co. will refund the money to any dissatisfied customer.

J. HICKS BUNTING DRUG CO.

TWENTY-FIVE CENTS.

Dr. Howard's specific for the cure of constipation and dyspepsia is not an unknown remedy. It has made many remarkable cures right here in Wilmington, and so positive is Druggist J. Hicks Bunting of its great superiority in curing dyspepsia, constipation, sick headache and liver troubles that they will, in addition to selling it at half price, refund the money to anyone whom it does not cure.

If you cannot call at their store, cut out the coupon and mail it with 25 cents, and a 50-cent box of the specific will be sent you by mail, charges paid.

YOUNG men's special styles are a particularly strong feature this season in our selections in suits and overcoats. We have the smart models, the broad-shouldered athletic shapes, and the snappy cut which young fellows want; college men, high-school men, young business men.

Hart Schaffner & Marx

are masters of style in this field as in others; they've created for us some extremely attractive models for young men.

Older men, of course, may want styles a little less extreme; don't worry; we've got the right things for everybody.

Smart grays, blues, olives, smokes, swell fabrics in overcoats and raincoats; all wool.

Suits $22.00 to $37.50. Boys' School Suits, Knickerbocker Pants, $2.50 to $10.00.

John B. Stetson Hats, $3.00 to $5.00. You'll find exactly what you are looking for in the way of neckties, shirts, etc., in our furnishing department. CORLISS, COON & CO'S. COLLARS ARE THE BEST TO BE HAD; 2 for 25 cents.

State of North Carolina, Department of State. Certificate of Dissolution.—To all to whom these Presents may come—Greeting: Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof, by the unanimous consent of all the stockholders, deposited in my office, that Hunters Club, Inc., a corporation of this State, whose principal office is situated in the city of Wilmington, county of New Hanover, State of North Carolina, J. E. Taylor being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of chapter 21, Revisal of 1905, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution. Now, Therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 16th day of September, 1909, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office, as provided by law. In Testimony Whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 16th day of September, A. D. 1909.

(Seal.) J. BRYAN GRIMES,
Secretary of State.
